

CARING FOR SOLERA STONE

Natural stone sinks should be cleaned on a regular basis to ensure long-lasting beauty. To avoid damaging your sink, use a cleaner that is specially formulated for use on natural stone.

ROUTINE CARE

- Spray the entire sink with a professional stone cleaner.
- With a soft sponge, scrub around your entire sink in a circular motion.
- Rinse immediately with pure water and dry.

STREAKS

- Spray a professional stone soap scum remover directly onto soiled areas.
- With a soft sponge or nylon brush, scrub around your entire sink in a circular motion.
- Rinse immediately with pure water and dry.

SMUDGES

- On a clean surface, spray the entire sink with a light coat of professional stone polish.
- Spread the polish evenly around your sink with a clean, soft cloth.
- Buff off polish until desired shine is reached, continue until there is no visible polish left.
